Passion in Precision

**CNC FURNITURE PRODUCTION**

# WELCOME TO CNC INSPIRE

## ABOUT US

We are a dynamic CNC furniture manufacturing company offering a unique mix of passion, mechanically advanced CNC fabrication methods and a proud heritage of traditional joinery.

We cover the entire furniture manufacturing process from concept to finish under one roof. We are proud to seamlessly and cost effectively deliver the very highest quality and the most demanding of furniture designs to our customers – all to exceed their expectations.

## FURNITURE WE PRODUCE

We can produce virtually any type of furniture in any style, price bracket and any quantity for domestic, retail and public buildings such as offices, hotels and museum settings. Our offer includes:

- kitchens
- bathroom units
- storage and shelving solutions
- wardrobe
- sale units
- hotel furniture
- any other bespoke designs.

# OUR TEAM

Our professional, dedicated team of craftsmen have over 15 years' experience of traditional joinery, carpentry, and construction. Their skills and imaginative creativity, now combined with leading edge CNC technology, achieves unbeatable product excellence for our customers.

## WHO WE WORK WITH

We work with a wide range of customers including developers, individual clients, building contractors, kitchen and bathroom suppliers, artists, architects and interior designers across the UK. Our aim is to always exceed their expectations.

# OUR TECHNOLOGY

Using CNC (Computer Numerical Control) technology in furniture production provides a wide range of opportunities and benefits and can be seen as an advanced solution to profitable, efficient furniture production.

At CNC Inspire, we harness the very latest CNC technology by utilising the unquestionable advantages of our Felder Profit H80 CNC machine centre and smart F4@Solutions. This means we can deliver both maximum precision in the production and manufacturing process and help generate cost and time efficiencies for

our clients whilst delivering uncompromised, premium product quality.

# MATERIALS WE WORK WITH

We offer full CNC panel processing and edge banding of: MDF, chipboard, plywood, veneered and melamine face boards, solid timber.

## Standard sheet sizes:

2440 x 1220

2800 x 2070

## Standard sheet thickness:

3, 6, 9, 12, 18, 19, 22, 25, 36 mm

# WHY WORK WITH US TO DELIVER YOUR PROJECT?

## ✓ UNBEATABLE PRODUCTIVITY

Cost and time savings derived from our production process enable projects to be completed at a more competitive cost.

## ✓ PRECISION

Our absolute engineering precision ensures perfect accuracy in realising the designs.

## ✓ QUALITY

Excellence in every detail.

## ✓ FLEXIBLE DESIGN SERVICE

We offer design advice and drawings. We can either work from clients' own CAD drawings or create CAD files from their simple sketches.

## ✓ 3D VISUALISATIONS

We offer photorealistic rendering to enable accurate representations of the final product to enable decision making.

## ✓ FLEXIBLE VOLUMES

We can produce any quantity of product - from a one-off bespoke piece of furniture model to a large production run.

## ✓ CUSTOM FINISHES

We offer a wide range of finishes on a variety of furniture materials.

## ✓ ONE STOP SERVICE

From design to finished product. Everything is handled under one roof ensuring cost effectiveness and seamless delivery. We can supply fully assembled items or components. We also offer installation.

## ✓ SWIFT TURNAROUND

Utilisation of CNC technology allows us to produce premium products to the tightest deadlines.

## ✓ FAST DELIVERY THROUGHOUT THE UK

Nationwide delivery with a wide range of delivery options including next day service.

# CONTACT US

To discuss your requirements and experience first hand what CNC Inspire can bring to your project, please contact us – we would be delighted to help deliver your vision.
